

Arvada[®] Patient Chair

**“The chair colours have
been noted frequently by
staff and visitors – brighter
with a less clinical feel”**

View a video of the Arvada[®] Patient Chair in action

Key Features

The Arvada® hospital chair is designed with an emphasis on premium patient support followed by comfort. The robust strong metal frame will withstand many years of maintenance-free use, while the removable seat cushion and clean lines are the perfect solution for supporting infection control. Arvada® is suited to a wide range of healthcare environments including wards, waiting areas and bed side spaces.

Models include height-adjustable arms, legs and housekeeping castors.

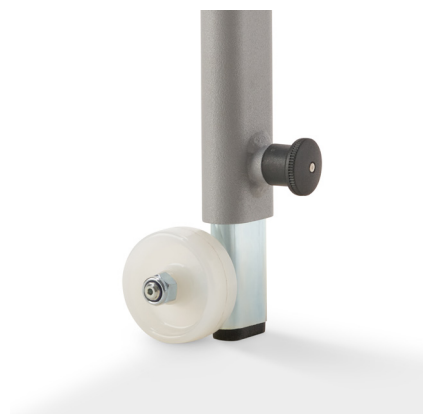

- Pressure care seat cushion options with four-way stretch PU cover providing a solution for patients with a low, medium or high risk of pressure sores
- The ergonomically designed PU armrests are firm but comfortable to support patients getting in and out of the chair
- The removable seat cushion acts as an efficient solution to aid infection control
- Arvada® is carbon neutral – we offset Arvada® emissions by annual tree planting
- High levels of comfort support patients seated for long times, meaning they can spend more time out of bed and recover faster
- Easy to clean antimicrobial vinyl which aids infection control
- Models with housekeeping castors allow the chair to be easily moved when unoccupied
- Models with height-adjustable arms allow for easy side access
- Models with height-adjustable legs allow the chairs height to be positioned to meet varying patients needs
-  31 stone/200kg (47 stone/300kg for bariatric models)

Removable Seat Cushion

Pressure Care seat cushion

Height-adjustable Legs

Height-adjustable Arms

“As a therapist I find the height adjustable feature very useful”
