

curaPRO® BE1275

Ferrara therapy chair

4 motor, height-adjustable, standard arms, central locking castors, fold-out footrest

Our Ferrara chair is a comparatively compact chair suitable for a wide range of treatments. It is available with upholstered cannulation type armrests or standard armrests, and can be easily placed in a comfort reclined position, or a flat "bed" position, making it a versatile therapy chair; it can also be put into an emergency "Trendelenburg" position quickly.
