

curaPRO® BE1290

AC+

Multipurpose outpatients and day surgery mobile chair

The AC+ chair is a development of the Modena chair. It has the same features and the same adaptability as the Modena chair, but has been produced with a lower backrest and offers a choice of 4 different headrests for ENT or ophthalmic procedures. This enables this chair to be available for a wider range of applications while incorporating all the existing advantages of the Modena chair.

DIMENSIONS

Length (Upright) 1070mm	Seat Height 580-900mm	Height (Upright) 1160-1460mm (excl headrest)	Seat Width 600mm	Armrest Width (Each) 70mm	Backrest Height (Above Seat) 600mm (excl headrest)
