

curaCARE® BE2000

Fero

Wooden frame hospital patient reclining chair with Ergo-Line – synchronised manual movement of backrest and leg rest.

The Fero excels in how it enables patients, clinicians, and visitors the flexibility of use. The compact footprint of the chair makes it ideal for bedside spaces that are often short on space. Fero is suited to a wide range of healthcare environments and is particularly loved by maternity and neonatal units due to the chair’s support for kangaroo care.

DIMENSIONS

Length (Upright)	Seat Height	Height (Upright)	Seat Depth	Armrest Height (Above Seat)	Backrest Height (Above Seat)
750mm	455mm	1200mm	510mm		
Reclined Length	Total Width	Seat Width	Armrest Width (Each)	210mm	800mm
1580mm	680mm	535mm	75mm		

Mechanism Type

Gas strut assisted recline

Adjustment Type

Manual

Pressure Care Seat Option

Yes, viscoform

Max Weight

135kg
