Key Features

Height-adjustable in its design via a foot-operated hydraulic pump and fully reclining into a flat position, ensuring the optimum reclining position for patient examination and treatment. There is a rotating feature to lock the seat into place, resulting in the perfect solution in areas where space is at a premium.

- Antimicrobial vinyl to aid infection control
- Armrests fold back for easy patient access
- Brackets available to fix chair to floor for extra safety, if required
- Available with or without footrest
-  31 stone/200kg

Colour Options

Available in a choice of colours, see the Classic Range on page 208.

Ordering Information

When ordering, quote the product code and add the colour as a suffix, i.e. (Code)**Tomato**.
