# Atmore

## Plastic Stacking Chair

Sleek and simple in its design, the Atmore hospital chair is a multi-purpose polypropylene chair that can stack up to 21 chairs high. As an environmentally friendly standout piece of healthcare furniture, the Atmore boasts the use of fewer materials than any other in its class and is fully recyclable. Functional in its appearance and completely made from reinforced polypropylene, the Atmore offers complete strength and durability with a weight capacity of 150kg. However, despite its clear strength, this medical chair is lightweight for easy mobility.
