

Carna ENT Ophthalmic Chair

This versatile chair is suitable for many departments across the hospital, especially in ENT and ophthalmic areas.

Key Features

Once the patient is seated they can be rotated and raised to the correct position for examination.

The elegant design of the Carna chair coupled with its robust construction ensures many years of useful service in your clinic.

- Antimicrobial vinyl to aid infection control
- Stable five star base
- Sturdy chrome finish armrests
- The hydraulic height adjustment is done by the foot pump to allow clinicians to adjust the height to suit their needs
-  25 stone/159kg

Colour Options

Available in a wide range of colours, from our Valencia range, these can be found on page 206.
