

Clini-Cart® Secure Emergency Resus Trolley

Designed with resuscitation requirements in mind, our resus trolley is perfect for emergency situations.

Standard width version

Slimline version, choice of 4 drawer or 5 drawer

Key Features

Robust in construction, our resus trolleys come equipped with a full-length locking bar with individually numbered plastic seals to ensure security. Drawer dividers and a range of accessories are available to customise the trolley to the user's specific needs. Also, there is a one-piece moulded worktop with slightly raised edges and a pull out side tray to increase work surface space.

- One-piece moulded worktop with slightly raised edges
- Slimline versions have four x 100mm castors (two braked, one directional)
- Standard versions have four x 125mm castors (two braked, one directional)
- Easy clean
- Drawer dividers not included
