

Clini-Cart® Secure Slimline Phlebotomy Trolley

Following extensive research with healthcare professionals, this option has been introduced into our Clini-Cart® range.

Key Features

The slimline phlebotomy trolley comes equipped with a sharps bin holder as standard to facilitate blood collection. This medical trolley is a desirable choice for areas where space is limited. The lockable trolley provides ample size drawers for storage where items are kept safe through its central locking system.

The trolley can be customised to the users' needs with a range of dividers and accessories. The trolley is complete with a pull out tray to increase the work surface for ease of use and supplied on 100mm castors, two of which are braked.

- Push handle for ease of manoeuvrability
- One-piece moulded worktop with slightly raised edges
- Lockable drawers
- Easy clean
- Dividers not included
