

Clini-Cart® Trolley, Stainless Steel, Flush-Welded

Part of our premium range of durable stainless steel trolleys.

Key Features

Our dressing and instrument trolley is designed to offer greater strength, stability and a higher weight capacity. The trolleys are supplied on four high-quality 95mm antistatic castors, two of which are braked.

- 304 grade stainless steel construction for strength and ease of cleaning
- Supplied with protective buffers
