

Domus Recliner Armchair

The Domus incorporates a modern design and clean lines, perfect for patient areas and making them feel at home.

Key Features

The recliner features fully upholstered sides, backrest, seat and legrest, the high-backrest provides optimal comfort and support. The design of the armrests helps patients stand up out of the chair with greater ease, while the recline mechanism raises the legs first with the option of then reclining the backrest. The chair can be repositioned with subtle movements easily without the need of a lever. Available in both manual and electric versions with built in control.

- Easy to clean antimicrobial vinyl to aid infection control
- Removable seat cushion for ease of cleaning
- Hidden castors with brakes available on certain models

-  21 stone/135kg

Colour Options

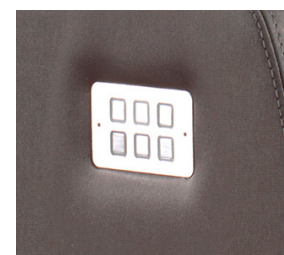

Our nine most popular colours are below, however these chairs are also available in the full Valencia range shown on page 206.
