

# Jura Surgeons Chair

The Jura is an exceptionally high-quality precision engineered chair.

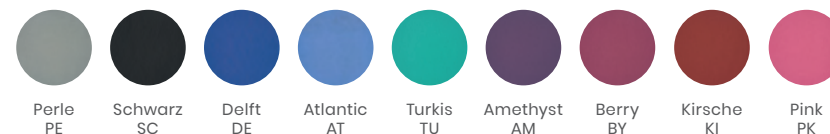

## Key Features

Unique in its design with features such as a multifunctional backrest which can be rotated 180 degrees around the seat, to be used as either an armrest or for front support during surgery. Fully height-adjustable with a tilt function to recline into position.

- Comfortable, durable and hygienic upholstery
- 50mm soft brake castors to prevent the chair from rolling away when not in use
-  20.5 stone/130kg

## Colour Options

Our nine most popular colours are below, however these chairs are also available in the full Valencia range shown on page 206.

## Ordering Information

When ordering, quote the product code and add the colour code as a suffix, i.e. (Code)**AT** for Atlantic.
