Seat Depth	500mm	Height	1385-1790mm
Reclined Length	1640mm	Seat Height	525-930mm
Width	660mm	Armrest Width	110mm

Key Features

One of our most popular chairs, the Le Mans model is held in high esteem for its comfort and usability. The chair is fully reclining to a flat position and is adjustable in height through a handheld remote, resulting in limited operator effort to achieve the optimum patient position. The chair height adjustment has a range of up to 400mm.

- Antimicrobial vinyl to aid infection control
- Equipped with safe anti-slip, wipe clean, polyurethane armrests that adjust in height and direction to provide the ideal position for blood taking
- Gas strut assisted backrest operation
- Low access height of 525mm to assist patients with mobility issues
- Supplied on individual locking castors for ease of moving
-  31 stone/200kg

Colour Options

Available in a choice of colours, see the Classic Range on page 208.

Tomato Fuchsia Saphyr Dark Grey Platinum
