

# Novak M Day Hospital Chair

## 2-in-1 transport trolley and electric hospital bed

The Novak M Day Hospital Chair ZeroG replaces a standard patient transport trolley and an electric hospital bed. It is an innovative solution developed in response to the latest trends in outpatient surgery.

You can prepare patients for surgery and take them to the OP room in the same chair, surgeons and staff can safely transfer patients on and off the operating table.

The soft mattress and safety rails provide optimal patient comfort and safety for recovery.
