

Overbed Tables

Every design brief has a purpose for us, when we started the process our goal was to create the best value Overbed/Overchair Table.

CA4860

CA4861

Key Features

The range is an essential part of patient care, and so our driver was to create a robust and durable product that was designed especially for demanding healthcare environments. The design ensured a product that is 'one wipe' clean to aid infection control, the 50mm castors allow the table to be easily moved. The table is height-adjustable which allows the patient to choose the height to suit their needs.

- Easy to clean
- Easy height adjustment
- Robust design
- Ergonomically designed one-piece moulded top
- 2 braked castors
-  25kg
