

Two and Three Section Bariatric Couch

Our two and three section bariatric couches are solid in construction and guarantee durability with a long lifespan in demanding healthcare environments.

BE3050

BE3055

Key Features

Equipped to facilitate working loads of 41 or 50 stone with a width of 75cm to 100cm wide. The 100cm wide option is compatible for therapists who are required to work with the patient and has a backrest which is adjusted electronically to facilitate this. Our 75cm version has an adjustable backrest via a gas spring. Both versions are height-adjustable to ensure the perfect low entry height for patients and the ideal treatment height for clinicians, reducing back care issues.

- Easy to clean antimicrobial vinyl to aid infection control
- Compatible with most patient hoists
- Retractable castors to allow easy movement of couch when unoccupied
-  750mm wide version 41 stone/260kg
1000mm wide 50 stone/320kg
