

## ZenSo

The ZenSo is suited to every healthcare environment but what makes ZenSo unique is the perfect mix of functionality, aesthetics, and innovation.

## Key Features

The lift function supports the user optimally whilst entering and exiting the chair. The ZenSo is suited to every healthcare environment but what makes ZenSo unique is the perfect mix of functionality, aesthetics, and innovation. The innovative E-lift mechanism activates the brake system automatically. This helps the patient get up or sit down safely, making ZenSo the perfect solution to assist in caring for an aging population.

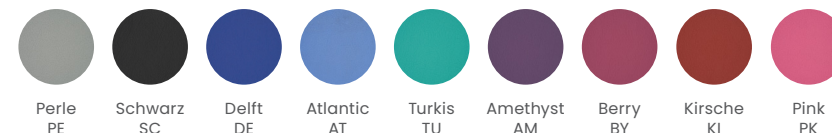

- Easy to clean antimicrobial vinyl to aid infection control
- Ergonomic design offering exceptional support for the lower back and the shoulders
- Efficient relax movement reducing pressure points on the body, providing good blood circulation
- Large castors for ease of movement that can be easily locked
- Height-adjustable arms to facilitate patient transfer
- This is an electrically operated chair that includes separate and/or backrest and legrest adjustment
- The seat and legrest can be fully removed and both parts are fully upholstered for ease of cleaning
- SafeBrake system, brake pedal automatically engages when the E-lift mechanism is activated

-  23 stone/150kg

## Colour Options

Our nine most popular colours are below, however these chairs are also available in the full Valencia range shown on page 206.
