Key Features

The curaPRO ranges are developed with the healthcare professional, and their patient needs from concept. As with all curaPRO products from Ocura the ENT and Ophthalmic chair features antibacterial and antimicrobial healthcare vinyl that is a one-wipe clean surface aligned to infection control requirements. Backrest brackets are designed for a long life cycle in the most demanding of environments

- Easy to clean one wipe surface to aid infection control
- Glide feet or castor option with floor locking feature
- A generous seat width to meet varying patient's needs
- Seat and back angles have been specifically designed for ENT and Ophthalmic departments
- Available with non-rotating gas lift or foot pump
- Quick foot-operated height adjustment which helps clinicians keep their hands free
-  28 stone/180kg
