

curaPRO Stainless Steel Nesting Infusion Stand

Never enough room to store infusion stands? Look no further than our unique space-saving solution. Complete with single-handed height adjustment for greater efficiency for your teams.

Key Features

Choose our nesting IV stands if you are looking for a product that stores extremely compactly when not in use. Couple that with our unique one-handed height adjustment mechanism for a drip stand that is truly efficient.

- Patented single-handed adjustment for efficient working
- 5 castors, 2 with brakes and anti-static
- 10 nesting stands take up 61% less space than 10 traditional stands
- 304 grade stainless steel pole and hooks
- Low-noise castors avoid patient disturbance
- Compliant with ISO 15375:2010 International Standard
- Total load capacity 9.5kg
- Load capacity per hook 2kg
